An Overview of Naan Mudhalvan (NM) Scheme

Tamil Nadu Chief Minister Thiru. M.K.Stalin's Dream project was launched as **"Naan Mudhalvan** (NM)"** Program on March 1, 2022 exclusively for the welfare of the students' community to hone their skills on their own choice of interest and to bridge their talent gap in all areas to produce fragrance in their academic career. The chief Minister wanted Skilling to be an over arching program. Thus NM was conceptualized as "**I Am The First Or I Am Going To Lead**". To eradicate unemployment, youth ought to empower knowledge and skills. The main objective of this scheme is to skill at least 10 lakh youths every year. This is a comprehensive skill building program for the students between the ages of 18 and 35. It serves as a bridge between academics and industry. It is a global hub for skills excellence and development that brings youth, industries and educators together to provide a vivid exposure for the youth everywhere and also to create an opportunity to compete, experience and learn how to become the best in their skill of choice. Through this flagship program, nationally certified trainings are provided to the students through empanelled training partners. Learn is the one and only beautifully coined word in English says that, if you **"LEARN"** well you can **"EARN"** well. The objective of this NM program is to provide not only skill development training but also employment opportunity to the younger generation to equip them in the changing enterprise environment in India and all over the World. On August 29, 2022 Government of Tamil Nadu inked Memorandum of Understanding (MOU) with more than 47 Enterprises. This massive industry relevant skill enhancement initiative program offers a platform for younger people to showcase their talent.

The following are the mandatory inclusion of NM courses were implemented in the Manonmaniam Sundaranar University, Tirunelveli curriculum for II, IV & VI semesters with two credits.

IMPLEMENTATION OF NM COURSES

S. No.	Title of the Course	Training partner	Department	Semester	Total No. of Students' Benefitted

4.	Data Analytics with Advance Tools	Google Sales Force	Final Year - B.Sc., Mathematics & Physics	VI	32
5.	Medical Coding	Tamil Nadu Health Apex Centre	Final Year- B.Sc., Botany	VI	08
6.	Employability Readiness	Edunet Foundation	Final Year - B.Sc., Chemistry & Zoology	VI	37

PINNACLE OF THE ACADEMIC YEAR - 2022-23

To mend the tender minds of our students and to create awareness about NM scheme an Orientation programme has been organized by our college. As per the direction of Government of Tamil Nadu, we have convened an Exposure visit for +2 students. Nearly 15 Girl students from Sri Kumara Gurupara Swamigal School, Srivaikuntam visited our college to probe into a deep insight about their ensuing academic career for higher education. The students were taken to each department by the SPOC and the NM team along with NSS volunteers to get a crystal clear insight about their purpose of the expo visit. Faculty members of all the Departments greeted the children and delivered a short lecture about the employment opportunities of the academic courses offered in the institution. The Librarian of our college out sketched the importance of college library as books are the best legend of future. The school teachers and the students gave their genuine feedback about their exposure

visit. It's a pride moment for the college that a few girls bid adieu with an optimistic lead of assurance that they will pursue their higher education in our college.

In a tremendous way, this skill enhancement initiative NM Scheme for youth encompassed the entire spectrum of Youth in our institution into a standard elevation. It has also been knitted well in the minds of our students to nurture their goals successfully. The purpose of the NM scheme is to identify, to train and to offer career and academic guidance to reach their professional goals and also to create a skilled workforce between themselves. In order to think out of the box and to excel well in the academic arena our students were really fortunate to receive blessings from His Holiness Ejaman Swamigal, Honourable Secretary our college along with dedicated and dynamic support from the Head of the institution who were trodden a way for the students. With prior guidance received from the professional trainers, the faculty coordinators have elevated our college students to become the Marshal of the nation through this visionary scheme of the Honourable Chief Minister of Tamil Nadu. The final mission of the pilot project had been completed in our institution successfully.

FIRST YEAR (ALL UG STUDENTS)
Title of the NM Course:-

Overview of English Language communication, Assessment and Certification from Cambridge

"**The overview of English Language assessment and Certification from Cambridge"** is a blended program of 30 hours which includes classroom teaching and digital learning along with digital practice for Listening, Reading, Writing and Speaking skills. The course is entitled with 2 credits. All the Faculty Coordinators have been given access to courses A2 & B1 along with Faculty dashboard access during the FDP training with the URL and Password. Every Friday ASK ME ANYTHING session was scheduled between 4.00 and 5.00 pm to clarify the queries aroused by the assigned faculty coordinators. The SPOC mailed the students' credentials to the faculty coordinators of Department of English and the same has been forwarded to the students. All the students were given access on 10.03.23 and 13.03.23 during their respective NM Hours. The timeline chart has been shared by Cambridge was followed. Diagnostic test, Digital Learning and Mid Progress Assessment were carried out from 23.03.2023 to 10.04.2023 respectively. The final assessment was scheduled between 11.04.23 and 30.04.23

SECOND YEAR (ALL UG STUDENTS)
Title of the NM Course – OFFICE FUNDAMENTALS

Digital learning will be the future of education. Hence majority of the courses were offered on Learning Management System (LMS) Platform. A Flagship platform of **MICROSOFT OFFICE 365 PRODUCTIVITY SUITE** was introduced to all the second year UG students in the 4th semester in order to create constant opportunities for the youth and to bring down the unemployment rate of Tamil Nadu. Microsoft is a global technology leader with expertise in digital skills and technology-based learning solutions. The collaboration between Tamil Nadu and Microsoft India under the Naan Mudhalvan scheme is a commendable initiative program that enriched the students potential with positivity impact to nurture our first generation learners who hailed from rural background. These digital skills are necessary to succeed in today's digital age. The course Digital Skills for Employability was allotted with 2 credits and it is designed for 35 hours to provide practical skills for students using digital tools and technologies that are relevant to today's workplace. The major Curriculum were comprised with Microsoft Word, Microsoft Excel, Microsoft PowerPoint,

Microsoft Share Point, Microsoft One Drive and Microsoft outlook, Digital Safety Essentials and Basic Concept of Cyber security. These skills are essential for employability that can help our students to stand out in a highly competitive world. Even though the challenges were battling the students accessed the portal, managed with their android mobile and finished the said course on time. After the completion of assessment for each of the course, students received their course completion certificates generated to their registered emails successfully.

FINAL YEAR (ALL UG STUDENTS)
Title of the NM Course - Mutual Fund

NSE Academy carefully crafted the received inputs from the industry experts that was designed meticulously for the students to acquire their capacity through innovative building programmes powered by online examination and certification system. Three sets of Physical intervention classes handled inside the college premises as per the following schedules:
